

DETAILED ACTION

Allowable Subject Matter

1. Claims 1-18 are allowed.
2. The following is a statement of reasons for the indication of allowable subject matter.

Claims 1, 9, 13 and 17 recites, inter alia, "adjusting a number of the buffers allocated to each of the endpoints and respective maximum buffer size allocated to each of the end points based upon a respective NAK count". Prior art of record do not teach or suggest, either alone or in combination, the aforementioned limitation, nor would it be obvious to modify those references to include such limitation.
